

Annex 25 (Tab G Emergency Repatriation) to the Darlington County Emergency Operations Plan

Per phone conversation on June 5, 2006 with Francis Tubolino, reference the SCEMD EOP and this annex. There are presently no tasking in the SCEOP for Darlington to take action during an emergency repatriation. The tasking in this annex applies only to Charleston County.

Should Darlington County be asked for support in this situation, the County would open the current ESF-6 – Mass Care annex and operate accordingly.
